

ALD24-05AIP20. MF

Technical specifications

Input voltage	12-48Vdc
Maximum output current	6A
Dimming frequency	>2KHz
Ambient temperature range	-25 ÷ 50°C
Max case temperature on Tc	75°C
Weight	0,05Kg

Characteristics and advantages

Light dimmer for voltage 12-48Vdc LED driver
Independent box
Push dimming (slow, fast profile, up/down)
DALI
1-10V dimming
Degree protection, IP20
Nominal life-time up to 50000h at Tc max
Flicker free
Complying with EN61347-2-13, EN61347-1, EN62384, EN55015, EN61547
Screwable terminals connection IN, OUT 1,5mmq
Screwlessw terminals connection DALI, Push and 1-10V 1,5mmq
