

# APEX 2

## Features

Introducing our APEX 2, featuring a lumen output of 1437lm to 1982lm. Available in standard color temperatures of 2700K, 3000K, and 4000K, with additional options on request. This versatile product features two adjustable beam angles, ranging from 24° to 50°, making it ideal for trendy outdoor restaurant. With an IP65 rating, it provides suitable protection for outdoor environments. Additionally, we provide customized finishing options to meet the project specific requirements.

## Applications

APEX surface-mounted outdoor downlights combine durability, style, and functionality, delivering focused illumination with sleek designs. Easy to install, they adapt seamlessly to various outdoor environments, making them ideal for entrances, covered walkways, terraces, patios, and building facades. Their robust constructions ensure reliable performance in all weather conditions, enhancing safety and ambiance while maintaining modern, clean aesthetics that complement any architectural style or outdoor setting.
