

EYE 1

Light output: up to 125lm **Cut out:** ø26mm **Standard finishing:** ● ● ● ○

Features

Highlighting our EYE 1, featuring a lumen output of 104lm to 125lm. Available in standard color temperatures of 2700K, 3000K, and 4000K, with additional options on request. This versatile product offers various beam angles ranging from 15° to 45°, making it ideal for display cases. With an IP20 rating, it provides suitable protection for indoor environments. Additionally, we provide customized finishing options to meet the project specific requirements.

Applications

EYE spotlights are compact and versatile recessed spotlights that offer adjustable and directional beams, making them perfect for a variety of applications. Their versatility makes them perfect not only for luxury retail environments but also for museum applications, where precision lighting is critical for showcasing artifacts, delicate pieces, and exhibits without creating glare or shadowing. By providing bright yet discrete lighting, EYE downlights enhance visibility while maintaining the integrity of the surrounding space, ensuring a balanced and professional presentation.
